

Teacher Reading Engagement Guide

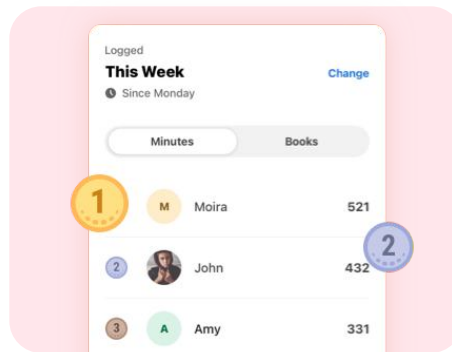

Grow Your Students' Love of Reading with Beanstack

Beanstack uses proven gamification principles to motivate students to read more. Save time spent on paper logs and gain deeper insights into student reading habits.

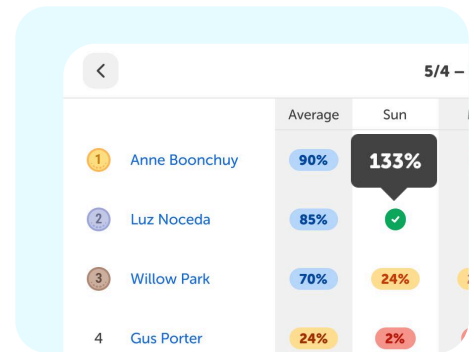

Log Independent & Group Reading

- Make space for reading—even 5 minutes matters!—and encourage students to log classroom reading time in Beanstack.
- Replace paper reading logs with Beanstack, and ask students and families to log reading at home.
- [Log read alouds](#) for an entire class at once.

Model Healthy Reading Habits

- Log your own reading in Beanstack to model a life-long love of reading.
- Add your students as friends, and challenge them to read more than you.

Track Daily Reading Habits

- See student reading habits at a glance, and easily identify opportunities for reinforcement—and redirection.
- Leverage reading logs to connect with individual students about their reading habits and preferences.
- Use Leaderboards and Lexile insights to guide your instruction, intervention, recommendations, and parent-teacher conferences.
